I have read and agree to the Terms and Conditions contained in this application. I understand that if any equipment in conjunction with this application is ordered, purchased, or installed before approval from The Utility is received, the proposed project may not qualify for a rebate.

Supervisor's Signature _____ Date _____

Make rebate award check payable to: _____

Mail rebate award check to (provide full address): _____

3. REBATE AWARD INFORMATION

Your company must be a customer of one of the sponsoring utilities listed in #2 above to apply for awards. Please check the box next to the award below for which you are applying. You do not have to apply for all awards at the same time. You may copy this form or download a new one from our website to apply for future awards. Maximum amount of rebate award is \$300 per BOC graduate. **I am applying for (check all that apply):**

- REBATE AWARD FOR BOC COMPLETION** - \$100 for each employee who completes the training and earns BOC Level I certification. Attach copy of the NEEC BOC-issued certificate as verification of the employee's certification.
- REBATE AWARD FOR ENERGY PROJECT ANALYSIS** - \$200 for submittal of a project analysis for a proposed energy efficiency project within 12 months of date of employee's BOC certification. All projects are subject to approval by the utility or sponsoring energy efficiency program provider.

The items listed below must be included to be eligible for the Rebate Award for Energy Project Analysis.*

- | | |
|---|--|
| <input type="checkbox"/> Project Description | <input type="checkbox"/> Annual Demand & Energy Savings Including Assumptions and Calculations |
| <input type="checkbox"/> Customer Measure Estimated Total Cost | <input type="checkbox"/> Cost Benefit/Payback Analysis |
| <input type="checkbox"/> Annual Bill Savings Based on Energy Savings Calculations | <input type="checkbox"/> Completed Rebate Forms and any required documentation |

* The project application amount must be \$200 to qualify for the Rebate Award for Energy Project Analysis. Follow the customary procedure required by your utility for submitting an energy project application.
