The Idaho Department of Health and Welfare's Indoor Environment Program is hosting 6 **FREE** one-day Indoor Environment workshops presented by Rich Prill, Building Scientist Specialist. Environmental health staff and building and maintenance staff in both the private and public sector are encouraged to attend.

Subjects to be covered include:

- ◆ Improving Building Performance
 - identifying & controlling indoor pollutants
 - preventing and solving indoor air quality issues
 - equipment and measurements
- ◆ Mold in Buildings
- ◆ Health Effects of Lead Paint
- ◆ Wildfire Smoke and Your Health
- ◆ Radon Gas and Health Threats
- ◆ Mercury Spills and What to Do

Space is limited!
