

UNIVERSITY OF HAWAI'I AT MĀNOA OUTREACH COLLEGE AND HAWAII ENERGY PRESENT THE

# Building Operator Certification

A **MUST** FOR EVERYONE OPERATING WATER-COOLED HVAC SYSTEMS

**Past students said:** "Every maintenance worker should know why they do what they do when handling chiller, boiler, and electrical systems."  
"I have already utilized this great information and applied it to my job." "I highly recommended this training!"

The Building Operator Certification (BOC®) is an ENERGY STAR® award-winning training focused on building energy efficiency, prolonging equipment life, and delivering cost savings through preventive maintenance.

Hawaii Energy, administered by Leidos Engineering LLC, under contract with the Hawaii Public Utilities Commission is subsidizing a portion of the costs for this training for qualified participants.

**APPLICATIONS ARE DUE  
MARCH 6, 2014**

Hawaii Energy is your energy efficiency and conservation program, created to help residents and businesses adopt a clean energy lifestyle through cash rebates. They also offer education and training for residents, businesses and trade allies. Learn more at [HawaiiEnergy.com](http://HawaiiEnergy.com)

## BOC 1001: Energy Efficient Operation of Building HVAC Systems (P13156)

Mar 22 & 29, 2014 • \$400 (General) • Registration/withdrawal deadline is Mar 6 • With Rory Reiley

## BOC 1002: Measuring and Benchmarking Energy Performance (P13157)

Apr 5, 2014 • Sat • 8:00am-4:00pm • \$200 (General) • Register/withdraw by Mar 20 • With Michael Chang

## BOC 1003: Efficient Lighting Fundamentals (P13158)

Apr 12, 2014 • Sat • 8:00am-4:00pm • \$200 (General) • Register/withdraw by Mar 27 • With Stan Walerczyk

## BOC 1004: HVAC Controls Fundamentals (P13159)

Apr 19, 2014 • Sat • 8:00am-4:00pm • \$200 (General) • Register/withdraw by Apr 3 • With Rory Reiley

## BOC 1005: Indoor Environmental Quality (P13160)

Apr 26, 2014 • Sat • 8:00am-4:00pm • \$200 (General) • Register/withdraw by Apr 10 • With Randy Herold

## BOC 1006: Low-Cost Operational Improvements (P13161)

May 3, 2014 • Sat • 8:00am-4:00pm • \$200 (General) • Register/withdraw by Apr 17 • With Rory Reiley

## BOC 1009: Building Scoping for Operational Improvement (P13162)

May 10, 2014 • Sat • 8:00am-4:00pm • \$200 (General) • Register/withdraw by Apr 24 • Pre-requisite: BOC 1001 through 1006 • With Michael Chang

**DON'T MISS OUT  
on saving \$1,400!**

With Hawaii Energy funding, this BOC Level I Program is **ONLY \$200** (\$1,600 without funding)

Register for the **complete** program TODAY:

- 1 Email [noncred@hawaii.edu](mailto:noncred@hawaii.edu) to request the Hawaii Energy Application form
- 2 Submit completed application to UH by March 6, 2014
- 3 Pay \$200 upon approval – no later than March 14, 2014

All classes (March 22 through May 10) must be completed to earn the BOC® Certification.

Classes meet at Kaiser Mapunapuna Clinic, 2828 Paa St ● Parking and lunch provided
