

## Smart Buildings Center Industry Demonstration Workshop: **Air and Water Flow Instrument Training**

January 21, 2016

Learn how to use instruments for measuring and adjusting air and water flow in commercial buildings. Led by Darrin Williams from MacDonald-Miller Facility Solutions Building Performance Group, this demonstration will include the application and use of digital manometers, hydronic manometers, vane anemometers, thermal anemometers, and flow hoods. These instruments are available for loan from the SBC Tool Lending Library.

**WHERE:** Smart Buildings Center  
1200 12<sup>th</sup> Ave South  
Seattle, WA 98144

**WHEN:** Thursday, January 21, 2016  
2:00 PM to 3:30 PM (PST)

**COST:** Free Event

**REGISTRATION:** <https://www.eventbrite.com/e/air-and-water-flow-instrument-training-tickets-20114999505>
