

SMART BUILDINGS CENTER

A project of NEEC

Smart Buildings Center Industry Demonstration Workshop: **Fluke Energy Metering Equipment**

FEBRUARY 9

Learn about Fluke energy and power monitoring equipment from Larry Field, Fluke Sales Engineer. Topics will include the application and use of the Fluke 1730/1736 line of energy loggers as well as power monitoring equipment. Larry will also review new products from Fluke including thermal imaging, vibration testers, Fluke Connect, and other Power Quality Analyzers.
